ROUND 1

Greenlight: Build the Franchise

30 MIN // NO ELIMINATION // TEAM SIZE 4

- Establish the franchise name, genre, target audience, core premise, central conflict and basic world
- Use Amazon Bedrock to brainstorm and refine ideas into an elevator pitch
- Organize all working material in the team's S3 Studio Vault
- Submit the required output through the event website

STATUS

No judging or elimination — every team advances with a strong creative foundation for the rest of the competition.

ALL TEAMS ADVANCE // 30 MIN LIMIT

ROUND 2

Character & Visual Forge: Build the Cast

40 MIN // QUALIFICATION CHECKPOINT // TEAM SIZE 4

- Create the hero, villain and supporting character — personalities, goals, weaknesses and conflicts
- Define the relationship between the hero and villain
- Refine character descriptions with Bedrock and craft detailed image-generation prompts
- Generate the required visual assets using the approved image-generation workflow
- Organize characters, prompts and visuals in S3 and submit through the website

QUALIFICATION REQUIREMENTS

- Hero and villain profiles completed (supporting character, if required)
- Hero–villain relationship / conflict clearly defined
- Character prompt created and refined, required visual generated
- Character and visual are connected and consistent
- Required S3 files present and website submission complete before the deadline

No judges in this round — teams qualify for Round 3 by completing every mission requirement correctly and on time.

QUALIFIED TEAMS ADVANCE // 40 MIN LIMIT

ROUND 3

Marketing & Adaptation: Survive the Spotlight

35 MIN // JUDGED // FIRST SCORED ROUND

- Develop a marketing angle, tagline, promotional copy and required promotional visuals
- Midway: organizers release a Breaking News announcement — a competing film, an audience reaction, a release-date problem, or another fictional industry twist
- Analyze the situation and adapt the relevant part of the franchise or marketing strategy in response
- Submit the updated materials before the round ends

Franchise Forge

Franchise Forge puts every team in charge of a Studio, building an original entertainment franchise from the ground up — concept, cast, visual identity and marketing — using Amazon Bedrock and AWS tools at each stage. Beyond creativity, it tests how well a Studio can adapt under pressure when a live Breaking News twist forces a rethink of the franchise mid-competition. The Top 5 Studios carry their work into a final pitch to be crowned Winner or Runner-up.
