The PartyRock Hack: Building the Future with AI

CAMPUS INNOVATOR // AI/ML APP BUILDING CHALLENGE
24.09.2026

Welcome to The PartyRock Hack

50% → 20 → FINAL
ROUND 1 CUTOFF ROUND 2 CUTOFF GRAND FINALE

KICKOFF

Welcome & PartyRock Demo

INTRODUCTION // RULES BRIEFING // LIVE DEMO

- Welcome and introduction to the AWS SBG / DBIT Core Team
- Explanation of event flow, rules, evaluation criteria and guidelines
- AWS PartyRock introduction and live demonstration
- Participants log in using their Google account

QUIZ BEGINS

ROUND 1

Cloud Blitz: The Elimination Quiz

30 MIN // 30 QUESTIONS // TOP 50% ADVANCE

- 30-minute quiz consisting of 30 questions
- Top 50% of participants qualify for Round 2
- Results announced immediately

Advancement is based on quiz performance ranking.

TOP 50% ADVANCE // 30 MIN LIMIT

ROUND 2

BuildForge: AWS PartyRock Application Building

PROBLEM STATEMENTS // LIVE DATASETS // TOP 20 ADVANCE

- Participants receive real-world, industrialized problem statements
- Build an application using AWS PartyRock
- Work with provided datasets
- Submission includes a dataset summary, app code and requirements.txt
- Top 20 participants qualify for Round 3

Advancement is based on evaluation of the PartyRock application submission.

TOP 20 ADVANCE

FINAL

Campus Innovator: The Grand Finale

LIVE JUDGE PANEL // PITCH PRESENTATION

- Finalists select a campus-life problem statement
- Build the solution using AWS PartyRock
- Present and pitch solutions directly to the judges
- Final solutions evaluated by a live judge panel

1 2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20

Followed by prize distribution, a vote of thanks and group photographs.

WINNER ANNOUNCED · PRIZES AWARDED

EVENT GUIDE

The PartyRock Hack // Artificial Intelligence and Machine Learning // 24.09.2026

ROUND / SEGMENT	TITLE	FORMAT & MECHANICS	OUTCOME
Kickoff	Welcome & PartyRock Demo	Introduction, rules briefing, live PartyRock demo, Google login	Setup complete
Round 1	Cloud Blitz: The Elimination Quiz	30-minute, 30-question quiz	Top 50% advance
Round 2	BuildForge: AWS PartyRock App Building	Real-world problem statements, dataset-driven PartyRock build	Top 20 advance
Final	Campus Innovator: The Grand Finale	Campus-life problem statement, live pitch to judge panel	Winner announced

AWS PartyRock Hack

AWS PartyRock Hack is a three-round AI/ML app-building challenge that tests participants' cloud fundamentals, rapid application development and real-world problem-solving using AWS PartyRock. Competitors progress from a fast-paced elimination quiz through a dataset-driven build round to a live pitch before a judge panel, culminating in the Campus Innovator grand finale.
